Dear Robert,

Just off, I hope you don't mind me calling you Robert, even if you are twice my age.

Work is work progressing on city hall? Has any scaffolding gone up yet? I unfortunately have not been able to find a wealthy benefactor as of yet, but I will keep looking.

My classes are going pretty well, so far. One thing I have learned already in my video production is that we ~~produced~~ committed a few "cardinal sins" in the video tapes. But they were ones that every one makes when they are just starting out.

My Arthurian Lit. class seems very interesting and my Philosophy class is pretty good, too. The prof's name is Wisdom and before each class and during the break he plays the banjo.

It helps to break up the monotony of Plato and Socrates. [I don't know as all stuck to me.] I know that was bad, but I couldn't resist.

If you have any kind of check come from the Historical Society, please do not send it here. Send it to my home

address 78 Jefferson St, Dunpen, PA.

I like just wait until I come in on the 8th of October. Speaking of which, are plans still going ahead with that? Have you spoken to Mr. Sauler about anything yet? Did you take the video tapes to the high school? Are Mrs. Monahan's photographs now back in her hands? If you can answer any of these questions in 100 words or less you win what is behind curtain number three.

I have been looking around in the antique and second hand shops down here for any pertinent items. However, I haven't been able to find anything yet. Do you remember that "book", folio is a better word, that I was telling you about. It contained maps of PA. from the late 1800's, early 1900's. Well, the store no longer has it. They sold it. I'm going to keep looking though. Also, ask RJT what the name of that book on photography was that he was looking for. I have forgotten it!

I was wondering if you could do me a favor. Could you find out the address of the Historical Society, if there is one, in Windham, Greene County, New York and also in Cooperstown, New York. Possibly also Hyde Park, New York. I want to start correspondence with them to see if they have or can get me information on

the Morse family. I would really appreciate the help. I know you have a thousand and one things to do, but whenever you can. It is not really needed immediately.

I was wondering if you were planning on removing any more pledges manuals from the building after the roof is repaired? If I can help with anything before I leave for London, just tell me.

Well, I hope to hear from you soon.

Sincerely,

John Rinkiewicz
